

## SCHEDULE FOR STARS\* VISIT TO SBU CAMPUS

Thursday August 19, 2021

\*Science Technology & Research Scholars

### 10:00 AM to 11:30 AM Visit Stony Brook University Undergraduate Campus

- **10:00 AM to 10:30 AM Navigating the College Search Process** (Admissions Office, 1st floor Admin Bldg)

**Ms. Judith Berhannan**, Stony Brook University Dean of Undergraduate Admissions or a representative from her office, will conduct a workshop on how to plan for college admissions after high school. Anyone who is interested are welcome to attend this workshop and clarify their doubts, fears and concerns about all aspects of college admission.

- **10:40 AM to 11:30 AM Tour Stony Brook Undergraduate Campus**

### Noon to 2:30 PM Visit School of Medicine

- **Noon to 1:00 PM Lunch (HSC L2 LH1)**

**Participants:** **Breanna Taylor** (SBU INDUCER [Increasing Diversity in Undergraduate Cancer Biology Education and Research]); **Noele Certain** and **Tanya Victor** (Pharmacological Sciences); **Ashley Ferguson** and **Dimitri Alexis** (Student National Medical Association); **Chloe Rojas**, **Mohammed Islam**, **Rahul Bathija** and **Ruben Lebrun** (Physical Therapy Program, School of Health Technology & Management); **Tanyika Lungren** and **Givenchy Ayisi Boahene** (Respiratory Care Program, School of Health Technology & Management) *will join STARS to describe their academic journeys and to answer questions regarding the college experience at Stony Brook and elsewhere.*

- **1:00 PM to 2:30 PM Planning for the Future (HSC L2 LH1)**

**Professor Jennie Williams**, Department of Medicine, Department of Family, Population and Preventive Medicine, SOM Assistant Dean for Student Diversity & SBUH Cancer Center Associate Director for Diversity, Equity and Inclusion; **Dr. Farah Daccueil**, Internal Medicine Nephrology Specialist, SBUH; **Dr. Alexandra Guillaume**, Director, Gastrointestinal Motility Center, and Assistant Professor, Department of Medicine; **Mrs Lisa Johnson**, Director, Respiratory Care and Polysomnographic Programs & Clinical Associate Professor, School of Health Technology and Management (SHTM); **Dr James Pierre- Glaude**, Clinical Assistant Professor, Physical Therapist & Athletic Trainer, SHTM. *Collectively these individuals will describe career opportunities in Health Sciences and how to prepare for them.*

- **Walk to South Campus**

### 3:00 PM to 4:30 PM Visit School of Marine & Atmospheric Sciences (SoMAS)

Professor Kamazima Lwiza, Director, Undergraduate SOMAS Programs, will discuss SoMAS as a place where research following sample collection can be taken in diverse directions to address many different Qs relating to Environmental Health Issues. Included in the discussion will be descriptions of ongoing SoMAS research projects, including some in which interested camp graduates could participate during the school year; a demonstration of the drone boat that SoMAS operates out of Port Jeff Harbor; a film revealing how the SoMAS Southampton facility collects and analyzes samples and a description of a possible Fall field trip to the facility planned for interested STAR camp graduates.

- **4:30 PM to 4:45 PM Snack Break** (Juice, cookies, chips)
- **5:00 PM Depart SBU Campus for CSH Pick-up site**
- **6:00 PM Camp Dismissal, Parent pick-up**
